c. Request for a Major to Deviate from Systemwide General Education Requirements

i. A Kansas public institution may request that a specific major include general education requirements that deviate from the systemwide general education requirements established by this policy by submitting a request to the General Education Council. A Kansas public institution that receives approval to modify one or more requirements of the systemwide general education framework for a specific major shall use the remaining portions of the systemwide general education framework that were not included in the approved modification. The General Education Council shall issue a recommendation to approve or deny the request. The General Education Council’s recommendation shall be submitted for review to the Board President and Chief Executive Officer who will determine if the request is approved or denied. Each request shall include a degree requirements sheet outlining the proposed general education requirements (disciplines, course title options, and credit hours), the major requirements (course titles and credit hours), and any other course requirements that are needed to complete the degree and shall address the following:

(1) Identify the major for which the institution is requesting to modify the systemwide general education requirements and/or add to the systemwide general education requirements.

(2) If requesting a modification, identify the discipline area(s) of the systemwide general education framework that the institution seeks to modify.

(3) If requesting to add credit hours to the systemwide general education requirements, identify the addition being requested.

(4) Identify the challenges the systemwide general education requirements create for students in this major (if, for example, it extends the time to degree beyond four years, or results in certain critical courses being left out of a major).

(5) Identify the systemwide transfer courses that can be applied to satisfy the modified systemwide general education requirements and/or additions to the systemwide general education requirements.

(6) Identify any accreditation and/or licensure requirements associated with this major that make it impossible to employ the systemwide general education requirements.

(7) Detail how the institution will ensure that the potential modified general education or additional general

g. Transfer of Systemwide General Education Requirements

This subsection refers to the application of the systemwide general education requirements, established in Chapter III.A.18., for transfer students at Kansas public institutions. For the purposes of this policy subsection:

“Acceptable grade” means that systemwide course transfer credit, as detailed in 2.g.i.(1)(a)(ii), 2.g.i.(2)(a)(ii), or 2.g.iii., shall not be denied by a receiving Kansas public institution based on a grading standard when a transfer student earns “C” (2.0) or higher. The receiving Kansas public institution may apply a “D” (1.0) if it is also acceptable for its native students (the application of a “D” must apply equally to both resident and native students).

“Coordinated institution” means each community college and Washburn University.

“Institution-specific communication course” means a distinct communication course that is taught at a Kansas public institution that is required to meet a communication general education requirement.

“Institution-specific English/writing course” means a distinct English/writing course taught at a Kansas public institution that is required to meet an English general education requirement.

“Kansas public institution” means each state university and each participating coordinated institution.

“Major” means a field of study within a degree program, having its own curriculum. A degree program may have more than one major.

“Program-specific communication course” means a communication course that is required for students pursuing a specific major(s) to meet a communication general education course requirement (e.g., public speaking for business majors).

“Program-specific English/writing course” means an English course that is required for students pursuing a specific major(s) to meet an English general education course requirement (e.g., English for business majors).

“Specialized program grade requirement” means a grade standard that is required by a selective admission

“Systemwide transfer course” means a course approved by the Board, for which faculty develop and update learning outcomes. These courses transfer to any Kansas public institution offering an equivalent course.

i. Application of General Education English and/or Communications Courses When the Receiving Kansas Public Institution Uses a Program- or Institution-Specific Course.

Historically, three of the most common general education transfer courses, English composition I and II and public speaking, have not met general education English and Tw[more tha 23. a Pro0008 TT5and s.mKansas)somepublic in

(iii) the receiving Kansas public institution notes on the official degree sheet on its website that the program- or institution-specific communication course is listed in the major area or an additional non-general education degree requirement area; and

(iv) any changes made by the receiving Kansas public institution to meet the requirements in 2.g.i.(2)(b)(ii)-(iii) do not result in increasing the total number of credit hours required to complete the degree for a native or transfer student.

ii. Transfer Students Who Complete the Systemwide General Education Framework.

(1) Except as provided in 2.g.ii.(2), when a transfer student has successfully completed the systemwide general education requirements specified in paragraphs 18.a.ii.(1)-(7) and provides an official transcript from a Kansas public institution noting “KS Systemwide General Education Completed,” the receiving Kansas public institution shall not require the student to complete any additional general education requirement.

(2) The Board’s expectation is for the systemwide general education program to provide a vehicle for students to complete general education at one Kansas public institution and not be required to complete any additional general education courses at a second Kansas public institution. While this systemwide general education program establishes a powerful policy lever to allow many students to complete the general education and not need additional general education courses after transferring, it should be recognized that there will be some situations in which a student who completes the systemwide general education at one Kansas public institution and subsequently transfers may pursue a major at the receiving Kansas public institution that requires an additional course(s) that is classified in the general education area of the degree. When a transfer student provides an official transcript from a Kansas public institution noting “KS Systemwide General Education Completed,” the receiving Kansas public institution shall only be permitted to require an additional general education requirement(s) if the transfer student:

(a) pursues a major at the receiving Kansas public institution for which the Board President and Chief Executive Officer has granted permission, as detailed in 2.g.v., to continue requiring – and not waive – a specific course requirement that is classified in the general education area of the degree and the transfer student did not complete such a course prior to transferring;

(b) pursues a major at the receiving Kansas public institution for which the Board President and Chief Executive Officer has granted permission, as defined in 18.c, to deviate from the systemwide general education requirements;
or

(c) pursues a major at the receiving Kansas public institution in which there is a specialized program grade requirement in a specific general education course and such a grade was not successfully achieved prior to transferring. Refer to 2.g.i.(1)-(2) for information about transfer credit associated with a program- or institution-specific English/writing or communication course requirement.

iii. Transfer of Coursework for Students Who Do Not Complete the Systemwide General Education Framework

(1) Except as provided in 2.g.iii.(2), when a transfer student who did not complete the systemwide general education requirements provides an official transcript(s) from a Kansas public institution, the receiving Kansas public institution shall apply credits earned in systemwide transfer courses that fit under one of the general education discipline areas detailed in 18.a.ii.(1-6) toward meeting credit-hour requirements within the applicable general education discipline area. A systemwide general education discipline area in which a transfer student completed the requisite systemwide transfer credit hours shall be considered completed. For example, if a transfer student completed three-credit hours of systemwide transfer credit in American government with an acceptable grade and three-credit hours of systemwide transfer credit in introduction to psychology with an acceptable grade, it shall complete the social and behavioral sciences discipline area requirement in 18.a.ii.(5).

(2) When a transfer student has not completed the systemwide general education, the application of any general education transfer course that is not designated as a systemwide transfer course shall be at the discretion of the receiving Kansas public institution. When a transfer student has completed a systemwide transfer course that fits within a systemwide general education subject in a disci

(3) This request can be for one major or all the majors in a degree (e.g., bachelor of arts), college (e.g., college of arts and sciences), or department (e.g., social sciences department). For example, if a Kansas public institution wishes to require all transfer majors pursuing a bachelor of arts degree to take a specific course – in lieu of waiving it – it could be submitted in one request.

(4) This request shall include a degree sheet with the general education requirements (disciplines, course title options, and credit hours), the major requirements (course titles and credit hours), and any other degree requirements (course titles and credit hours) that are needed to complete the degree and shall address:

(a) the requested course title, total number of credit hours for the requested course, and the systemwide general education discipline area in which the requested course requirement fits;

(b) academic rationale;

(c) reason for why this is classified as a general education course and not included in the major or another non-general education area of the degree; and

(d) if based on accreditation or licensure, include background.

(5) After review of the request, additional information on how such a requirement would financially impact transfer students may also be required.

(6) Board staff shall provide a timeline each year for institutions to submit requests based on the criteria herein.

~~g-~~ **h.** Students who intend to transfer are responsible for becoming acquainted with the program and degree requirements of the institution to which they expect to transfer.
