Base pay adjustments will be made in FY23 with the goal of moving individuals below 80% of the median to closer to 80% of the median. The state is giving \$2.5M and WSU is planning \$2M for the first year. When asked about RU funded positions, Lefever notes that this is GU only. Information for RU funded positions will be told what the target salary should be, and supervisors are asked to communicate with deans to do the best they can for those positions. Senators noted that 80% of the median is below the 25th percentile in many cases and requested that the documented salary spread across campus, or at least across college be made available so that faculty can fight for faculty pay. Provost Lefever noted that she hoped the document would be available. • Legislative update after the final veto session, the 04 Tmarle ser the finallll /F4(e)9
