## Highlights from UP/USS Fall General Meeting:

Dr. Andy Tompkins, WSU Interim President

- o State of Kansas budget includes a \$28 million increase in sulpopositate higher education system (KBOR universities and community colleges)
- o WSU to ask KBOR for 10% ion increase The student feencrease request is a little over 2%. There is a pool of 1.5% for staff salary increases; the question is how to distribute it correctly.
- o KBORo announce search committee members on Thursday, May 16, 2019. A consulting firm will be used to identify candidates then the search committee review and narrows the list to 8-10 for interviews. An uranked list of 35 candidates will be submitted to BOR to interview. Possible selection could be as early as November, with a date of either January or June/July, depending on the candidate.
- o Final thoughts: "WSU is a studerentered place." He plans to visit a lot of our offices this summer.

Jason Post/Lauren SmitBudget & Management Analystbdea Generator

- o Staff/faculty are encourage to submit ideas for generating revenue or find savings to the Idea Generatorat <a href="https://www.wichita.edu/ideagenerator">www.wichita.edu/ideagenerator</a>
- o All submissions are reviewed by a budget subcommittee. High impact attended on for further development.

Judy Espinoza, Exeixet Director of Human Resource Sompensatory Time Utilization Update

- o Thanked staff for their feedbacon this issue. The feedback was shared anonymously with HR and was provided to the **Es**ident's Executive Team.
- o Primary concerns from employees and leadrelated to this issuenclude: forced to use vacation hours for holiday shutdown if no comp time available, potential tax implications (higher taxes or loss of income based benefixed)en paid overtime, budgetary impact of overtime, limited opportunities to work overtime because of departmental funding, difficult to attract staff to event outside of normal hours, staff in travel states managing staff in peak time/cycles. Initial transitional timeline proposed was too fast and input was not sought prior to

o Non-
